

Hi

Thank you for your enquiry on our litters.

Please complete the attached questionnaire if you would like to be placed on the waiting list or are interested.

Homecheck will be applied prior to acceptance. Please send a small video clip of your property showing all fences as well as access to the property.

Please include any pool areas as well as where your baby will be sleeping or kept when you are not at home.

Please take note of following:

- We work from a waiting list and require the attached document to be completed and returned.
- All our Puppies are fully registered and Micro Chipped.
- We do the following injections and deworming:
  - \* 4 Week Parvo & De-worming
  - \* 7 weeks 1st Inoculation & De-worming
  - \* 10 Weeks 2nd Inoculation & De-worming
- We also do Vet checks at 8 weeks and 10 Weeks to check for healthy pups, this includes their Heart inspection.
- Helentor Pups are all Ataxia clear by parentage – All test were done by labs in France.
- Due to demand, we allow for up to 5, 25% refundable upfront deposits, to secure a pup from our next litter.

We inform everyone on our waiting list once we have a confirmed litter; once the litter has been born, we advise on quantities of Males and Females available.

At this stage we take a 25% Refundable deposit on any additional pups we may have. (Only equivalent to the number of male and female pups available)

We regularly update our Facebook page with photos of each litter as they develop.

- At 4 Weeks we require 50% deposit, bring the total deposit amount to 75%. The deposit is now non-refundable.
- At 8 Weeks Pups will do Puppy Puzzle and this is to see which of the pups have the best Showing quality. (We try home these pups in homes that allow us to show or for those who want to show themselves)  
Once this has been done, we then allow for Selection to take place in order of deposit received.
- We have a specific list for blue pups as they seem to be on high demand.  
These individuals will have first choice on any blue pups that are born from any litter - Again If show quality we request right to show these pups)
- A Week prior to puppies going to their new homes we require balance payment.  
Pups can only go to new homes after 10 Weeks.
- Pups are R 15 000.00, Price may change dependant on vet costs for new the year, blue pups are R 18 000.
- The new owners will then be responsible for the pups final Injection and Rabies at Age 3 Months.

- Please note ALL Helentor pups are sold KUSA registered and have breeding restrictions on them, please note it is advisable to spay or neuter your pups between 4-6mnths if you do not plan to show your dogs.
- ALL PUPS ARE REGISTERED WITH BREED RESTICTIONS

If you require any further detail, please feel free to contact me

Kind Regards

Nunia Strydom
